DET regulations state that Primary school students are only able to watch G rated movies at school without parental permission. At times we may want to watch a PG rated video to assist students with learning around a current topic. For example: David Attenborough movies about living things.

Permission to Publish Student Work

Gravesend Public School is always keen to acknowledge the great work done by our staff and students. Often the school is able to present/publish our student’s work both within the school (eg: in the foyer) and outside the school (eg: Education Week displays, local shows), and in publications and local media (eg: Gwydir News or the Moree Champion)

Permission to Publish Student Image (Photographs)

Media opportunities are something that most children enjoy. During the year the school will seek publicity in the media for various programs and events. It is likely that students could be photographed and/or filmed and/or interviewed in the course of this publicity. Some families may have issues (eg: custody situations) that will mean they do not want their child’s image published. Publicity opportunities may include having a photograph displayed as part of a photo presentation in the foyer, or involve local media such as the Gwydir News or the Moree Champion. Photographs and student information may also be posted on social media as a promotion of school events.
